

Charter for the Fair Treatment of Domestic Helpers

We are Group 1 of the Year 6 PYP Exhibition and we are the Rights' Fighters. Our names are: Ariana Ziya, Khushi and Ellie. The Global Goal we are focusing on is Reduced Inequalities, and our main focus is the unfair treatment of Domestic Helpers in Hong Kong.

For our action, we have written a charter for families to follow to ensure that their helpers are treated well, fairly and according to Hong Kong law. We are appealing to members of the KJS community to work with us by printing and signing this charter, and making the pledge to follow these agreements:

Students/Children:

1. Speak in a warm and nice tone when you are talking to your Auntie (Domestic Helper).
2. Be thankful and appreciative for what your Auntie (Domestic Helper) does for you.
3. Listen and respect your Auntie (Domestic Helper) like you would to any other adult.

Employer:

1. Allow your Domestic Helper to have some free time.
2. Provide money to your Domestic Helper for sickness and food bills.
3. Speak in a warm and nice tone with your Domestic Helper.

Family

1. Speak in a warm and nice tone with your Domestic Helper.
2. Be thankful and appreciative for what your Domestic Helper does for you.
3. Treat the Domestic Helper like you would a family member.
